Course Instructions

This course is the first stage of developing principals, teachers and central office leaders to successfully implement teacher evaluation that focuses on the growth of teaching practice.

The course was developed by the Center for Educational Leadership at the University of Washington in support of the 5D+™ Teacher Evaluation Rubric.

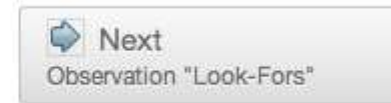

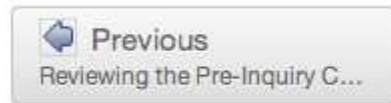

The course is intended to benefit all educators who have a role in the successful implementation of teacher evaluation and the learning of students and teachers.

The estimated time to complete this course is 3 – 3 ½ hours.

Navigation

Click the **Next** button at the bottom of each page to advance through the course. To see a list of all the pages in the course, click **see full course sequence** underneath the **Next** button.

On the right hand side of the screen, you will see lists of Common Pages, Recent Changes, All Pages and Recent Feedback. This is part of the Training Xchange platform interface and you may safely ignore this content as you proceed through the course.

Downloads

Throughout the course, you will see Download sections that provide you with important documents you will use both during the course and in your practice as an educational leader. Click the document name to download and save the documents to your computer. It is recommended that you print certain documents as indicated in the instructions.

Activity

While online courses can be convenient and efficient, one of the drawbacks is that you cannot participate in group activities and discussions with colleagues. The activities in the course have been designed to provide you with opportunities to individually reflect and practice your skills. Please complete each activity in order to maximize your online learning experience and apply the concepts presented in the course.

Repeat this exercise for SE5 and SE6: starting at Basic, identify what's different at each level of performance. Highlight the key words on your copy of the rubric.

Glossary

Some terms are displayed in blue text and are hyperlinked to a [glossary](#). After clicking on a term and reading the definition, click the **X** at the bottom on the screen or click outside the glossary window. The full glossary is also available as a page at the end of the course.

Technical Requirements

- **Flash:** Adobe Flash Player 10 or later, and one of these browsers:
- **Windows:** Internet Explorer 8 or later, Google Chrome (latest version), Firefox (latest version)
